PROJECT NEWS

NEW PROJECTS

Resthaven Malvern

As a part of a redevelopment, **designwell** have been engaged to design landscapes that are interactive, engaging and support visiting families.

Resthaven Aberfoyle Park

A brand new development which incorporates therapeutic and sensory gardens as well as dementia enabling environments.

Resthaven Craigmore

The design of a large internal park for families to spend time with their loved ones outdoors. **designwell** will create a range of activities and games areas, a nature play zone and an area for family bbqs and celebrations.

Westminster ELC

A nature play space for the new Early Learning Centre allows for children to learn through play.

Rosemary House, QLD

Dementia enabling environments for a dementia respite centre on the Gold Coast run by Alzheimer's Australia QLD.

NEWS

Last Sunday the 11th of October, Tara Graham Cochrane featured on Channel 9's '**In the garden with Kim Syrus**'.

Set in the AILA award winning **Mary Potter Hospice**, Tara informed viewers of the benefits of **therapeutic gardens** and their life-changing impacts. If you missed this episode, you can revisit it online at:

AWARDS

designwell's award-winning **Mary Potter Hospice Healing Garden** features in this month's Adelaide Review.

7 SENSES DAY

designwell are excited to be getting involved in the upcoming **7 Senses Day** on the 7th November. We are teaming up with Playspace Creations and the Adelaide City Council to turn parklets on Bank St in the Adelaide CBD into a sensory experience for all passers by! 7 Senses Day is a national day of **community activities** to show how public spaces can be more engaging and inclusive if they cater for our 7 human senses: sight, smell, hearing, movement, taste, balance, touch.

Come down to Bank St on Nov 7th and say hi!

STAFF NEWS

Tara and Emily are looking forward to a trip to Brisbane for the **Kompan Day of Play** in October. It is an information seminar on equipment design and playspace design and will provide exciting interstate networking opportunities.

As the University semester comes to a close, so does our regular internship with the **University of Adelaide**. Our intern, Ben Dillon, has been a valuable member of the team for the last 12 weeks. He reflects that he has had invaluable learning experience through on the job exposure to the profession of Landscape Architecture and has enjoyed his time with us.
